This great alterative medicine and Purifier of the Blood
Is now used by thousands of grateful patients from all
parts of the United States, who testify daily to the remarkable curses performed by the greatest of all racticines, "CARTere's Spanish Mixture." Neuralgia, Rheumatism,
Seronia, Eruptions on the Skin, Liver Discusses, Fevera, Ul-

Scronla, Eruptions on the Skin, Liver Diseases, Severa, Ul-ters, Old Sores, Affections of the Kidneys, Diseases of the Throat, Female Complaints, Pains and Aching of the Bones and Jeints, are all speedily put to flight by using this great For all diseases of the Blood, nothing has yet been found to compare with it. It cleanses the system of all impurities, acts gently and efficiently on the Liver and Kidneys, strengthens the Digostion, gives tone to the Stomach, makes the skin clear and healthy, and restores the Constitution, enfecbled by disease or broken down by the excesses of youth, to its printing vigor and strength.

For the Ladies, it is incomparably better than all the cosmetics ever used. A few dozes of Capron's Spanish Mixican will remove all sallowness of complexion, being the roses mantling to the cheek, give elasticity to the step, and im-prove the general health in a remarkable degree, beyond all

TO THE PUBLIC Of the United States. A Nadvertisement of Mr. UDOLPHO WOLPE, lately published, as I grupper into the control of the co lished, as I suppose, intended for the protection of his Schiedam Schnapps against counterfeiters, has come under my observation, and being engaged in the manufacture of Schiedam Schnapps, were I to let it pass without notice through this medium, I might be considered among those he denominates "Pirates and Venders of Poison," but the lampage and lambaged and the lambaged of the lambaged the immense patronage and success that has attended the sale of the article manufactured by me, and the opinion of competent judges as to its qualities as a beverage and its medicinal virtues, precludes the possibility of the idea that I am included among those he designs to impugn. No doubt he feels aggrieved at the depreciation of the sale of his Schnapps, which is manifest to all, since mine has been brought into competition with his. Not only have I succeeded in competing with him in quality, but the constant and competing with him in quality, but the constant and the constant and the competing with him in quality, but the constant and the constant and the competing with him in quality, but the constant and the competing with him in quality, but the constant and the competing with him in quality, but the constant and the competing with him in quality, but the constant and the competing with him in quality, but the constant and the competing with him in quality. Increasing demand for my article, has enabled me to furnish it at a less price than he can, or does—say \$2 in the dozen.

And, furthermore, he will soon become satisfied that his cantion to the citizens of the "Southern and Western States"

(LASSWARE—200 boxes quart Flasks; 100 do & pint do; 100 do will avail him nothing as far as I am concerned, for the character of my Schledam Schnapps is too well established in those States, to be injured by any such invidious publication. The motive of his advertisement is obvious to every one, and feeling well satisfied that all such missiles thrown at me by him will fall harmless at my feet, I will here, for the satisfaction of the public, publish a copy of my Patent Right, entered in the Southern District of New York, on the 25th of December, 1854:

Semmons & Son, manufacturer and inventor of the newly invented and improved Spectacles, from the im-proved Spectacle Manufactory and Cornwell Optician establishment, East Bridge Truro, respectfully announces his arrival on a professional visit, with a splendid assortment of his newly invented and improved Spectacles, and may be consulted at his office, on the Square, room over

BERRY'S BOOKSTORE, NASHVILLE, TENN. These celebrated Spectacles are made of Brazilian Sand, and known under the name of Brazillian Pebbles, and con-structed in accordance with the philosophy of nature, in the peculiar form of a concavo-convex mirror, admirably adapted to the organ of sight, and can be used by the old and the young to pursue the most minute employment, ci-ther by day or candle light, with perfect case, and never cause that glddiness of the head or unpleasant sensation to the eyes that many experience from using the common kind, but tend to strengthen and improve the sight, as will be seen by the following testimonials from those using them. Office hours from 8 A M. to 5 P. M.

TESTIMONIALS. MEMPHIS, March 24th, 1855. Mr. J. H. SEMMONS-Sir: The use I have made of the pair of Glasses obtained from you, satisfies me of the utility and value of the form and material by which they are distinguished. Without magnifying the object beyond the size apparent to the natural vision, they render it distinct and clear without fatigue to the eye. So far as my limited experience extends, I am very much pleased with them.

Very respectfully, your ob't serv't, J. H. McMAHON. From Hon, Geo. D. Prentice, editor Louisville Journal. . . . Undoubtedly they are the best Speciacles in the world. The continuous use of them for any number of hours does not fatigue the eyes in the least, and the vision of age is rendered by them in all espects like that of

Maxems, March 24, 1855. Mr. J. H. SEMMONS-Dear Sir: I have carefully examine your Brazillan Peuble Spectacles, and most cheerfully and my testimony to their superiority over any other lenses I have yet seen.

Besides the philosophy of this form, shape, &c., there markable transparency and hardness of the material render them peculiarly adapted to the purposes of assisting impair-ed vision, which unlike other spectacles do so, without fatigning the eye by their use.

I can, my dear sir, cordially recommend your Brazillian Pebbles to my friends as specially worthy of their confidence and feel assured that a trial will in every case give satifac-

New Harmony, March 28, 1854.
Mr. J. H. Senmons—Sir: Having examined your specta-cles constructed of concave convex Brazilian Pebbles, I take pleasure in testifying to their advantages over the ordinary glass spectacles. Their superior hardness prevents them being defected by seratches; the peculiar manner in which they are ground and pollshed, tegother with their transparency, obviates the strain usually experienced in wearing plasses, and their coolness especially recommends them to those having weak, irritable eyes.

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bow-els. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain. unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are apable are given on the box. Among the co claints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languer and Loss of Appetite, Listlessness, Irritability, Bilious Headache Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient they afford prompt and sure relief in Cos tiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body Ulcers and impurity of the blood; in short, any and every case where a purgative is required. They have also produced some singularly sucessful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. casional dose stimulates the stomach and bowels into healthy action, and restores the appe-

tite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, reno vate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand eases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a eathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable, no

form can arise from their use in any quantity For minute directions see wrapper on the Box. PREPARED BY JAMES C. AYER,

Practical and Analytical Chemist, LOWELL, MASS. Price 25 Cents per Box. Five Boxes for \$1.

AYER'S CHERRY PECTORAL

For the rapid Cure of COUGHS. COLDS. HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

This remedy has won for itself such notoriety from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its usefulness, and so numerous the cases of its cures. that almost every section of the country abounds in persons publicly known, who have been restored from atarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affect tions of the pulmonary organs which are incident to our climate. And not only in formidable attacks upon the lungs, but for the milder varieties of Colos, Coughs, Hoarseness, &c.; and for CHILDREN it is the pleasantest and safest medicine

that can be obtained. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best that it ever has been, and that the genuine article is sold by -BERRY & DEMOVILLE, Wholesale, Nashville, and Re tall by BROWN & GRUHRS, Nashville; and sold by all dealers in medicine in every town in Tennessee.
